**AMERICANS FOR TAX REFORM
WILL KEY VOTE/RATE TODAY'S
HOUSE TAX CUT VOTE**

Today, the House of Representatives will vote on a \$550 billion tax cut proposal that will 1) accelerate tax reductions from the 2001 tax cut; 2) provide incentives for business investment by allow greater expensing for small businesses and accelerated depreciation for all businesses; 3) slash the double taxation of dividends; 4) reduce the capital gains tax; and 5) equalize capital gains taxation with dividends.

Without question, this is a pro-growth; pro-taxpayer jobs package and Americans for Tax Reform strongly supports this legislation. **No other legislation will come out of the House of Representatives today that even compares to the economic and job growth effects of this proposal.**

Given these facts, Americans for Tax Reform will rate this vote in our annual congressional ratings. A vote for this legislation will be a vote with the American taxpayers. A vote against this legislation is a vote against American taxpayers.
